Lori,

I hope all is well with you and your family. I have two items to share with you.

1) The LA Corps invoice for February 2020 services was received recently. Although the invoice was accurate, the photos and report attached to it were from last year (February 2019). Can you send the February 2020 photos and report? Thank you.

2) Thank you for arranging cleanup of Azusa Street. The merchants were very appreciative. Unfortunately, the area is a mess once again. Can you arrange to clean it up this coming week? We are working on adding more lighting to discourage people from throwing their trash in the area at night or using it as a "toilet." I am also asking LA Sanitation to pay special attention to the area.

Thank you as always. Stay safe and healthy.
